ELECTION OF DELEGATES AND ALTERNATE DELEGATES

DEMOCRATIC

Under the Democratic Delegate selection plan adopted for the March 17, 1992, General Primary, Democratic delegates are elected in proportion to the percentage of the primary vote won in that district by each Presidential Preference, except that preferences falling below a 15% threshold shall not be awarded any delegates or alternates. If a threshold candidate is entitled to more delegates from a Congressional District than appear on the ballot pledged to that threshold candidate, the additional delegates and alternates will be selected by the State Central Committee. The candidates elected at the March Primary under this plan are indicated by (WON) next to their name(s).

REPUBLICAN

The election of Republican delegates is based solely on the individual delegate's vote totals. The candidates elected are indicated by (WON) next to their name(s).
